METADATA for the measures in the ADASS / AQUA whole system quality and efficiency scorecard

Measure name	Data Source	Geography/Location	Data parameters/specification for source data	Data equation/calculation	Date range	Data Caveats
(a) Non-elective admissions aged 65+ per 1000 population aged 65+	SUS	By local authority boundary based on the address of the patient	Number of non-elective admissions to any hospital of patients aged 65 and over living within the local authority area.	1. non-elective admissions aged 65 and over / population 65 and over *1000	Jul 16 - Jun 17	<p>All of the data for measures (a)-(d) is extracted from the SUS data system and so the last two months data are potentially subject to significant change. The last month of this data will have two more refreshes from local systems onto SUS and the data from the second to last month will have a final refresh. This will effect the data in this scorecard for these measures meaning admissions, bed days and repeats may appear lower or higher than they will actually be. THE DATA IN THIS SCORECARD FOR MEASURES (c) AND (d) WILL BE DIFFERENT TO THE APRIL-11 DRAFT VERSION DUE TO A CHANGE OF METHODOLOGY FOR CALCULATING REPEATS</p> <p>From April 2013 Cumbria is accessed via PbR tables. These only contain data for Cumbria CCG patients and may exclude small numbers of Local Authority residents.</p>
(b) Non-elective bed days aged 65+ per 1000 population aged 65+	SUS	By local authority boundary based on the address of the patient	Number of non-elective bed days in any hospital of patients aged 65 and over living within the local authority area.	2. emergency bed days aged 65 and over / population 65 and over *1000	Jul 16 - Jun 17	
(c) Non-elective re-admission rate within 30 days aged 65+	SUS	By local authority boundary based on the address of the patient	Number of non-elective re-admission episodes within 30 days in any hospital of patients aged 65 and over living within the local authority area.	3. non-elective readmissions in 30 days aged 65 and over / 1. non-elective admissions	Jul 16 - Jun 17	
(d) Non-elective re-admission rate within 90 days aged 65+	SUS	By local authority boundary based on the address of the patient	Number of non-elective re-admission episodes within 90 days in any hospital of patients aged 65 and over living within the local authority area.	4. non-elective readmissions in 90 days aged 65 and over / 1. non-elective admissions	Jul 16 - Jun 17	
(e) No of delayed transfers of care aged 18+ per 100,000 population aged 18+	Monthly DTOC collections from provider trusts from the Unify System	By local authority boundary based on the address of the patient	DTOC bed days for month including acute and non acute, and DTOC for any reason and any organisation being responsible. This data is for people aged 18 and over only.	5. all delayed transfer of care bed days aged 18 and over / population 18 and over *100,000	July 2017 Bed Days	<p>This data can be accessed at the DH at the following website: http://www.england.nhs.uk/statistics/statistical-work-areas/delayed-transfers-of-care/</p>
(f) Proportion of people aged 65+ discharged direct to residential care	SUS	By local authority boundary based on the address of the patient	Number of people aged 65 and over with a discharge code of 54. NHS run residential accommodation i.e. where care is provided, 85. Non-NHS (other than Local Authority) run care home	6. total for codes 54, 65 and 85 / total of all discharges for those aged 65+	Jul 16 - Jun 17	<p>The data for the last twelve months can be subject to change throughout the year so it may appear differently to previous refreshes of the scorecard. This data could include self funders of residential care. Some patients/service users may have lived in a different authority to the one in which they enter residential care.</p>
(g) Permanent admissions to residential/nursing care aged 65+ per 100,000 population aged 65+	Collected from individual local authorities	By local authority boundary based on the address of the patient	Number of LA supported PERMANENT admissions aged 65 and over to residential care, nursing care and adult placements (excluding admissions to group homes),	7. Admissions to res care aged 65 and over / population 65 and over *100,000	Jul 16 - Jun 17	<p>This data is collected directly from local authorities and has not all been verified by the Information Centre NHS so is subject to change</p>
